Such Inspection shall be performed by an individual certified by the Maryland Department of the Environment ("MDE"), for Maryland properties, or the DC Department of Health Lead Based Paint Program, for DC Properties, to conduct such assessment or inspection ("Certified Inspector"). In the event Seller agrees to have the corrective action performed, Seller shall furnish, not later than the date of Settlement, a written certification by a Certified Inspector demonstrating that the specified conditions have been remedied.

If Seller elects not to perform in accordance with the Lead-Based Paint Notice or makes another offer, Seller will Deliver Notice to Buyer of such decision within 3 Days after Delivery of the Lead-Based Paint Notice.

Seller's agreement that the System will convey in the Required Condition is hereby extended through the date of System inspection, but in no event later than the Final Inspection Date.

The inspection shall be conducted by a heating and air conditioning technician, or pool service company, as appropriate, licensed in the jurisdiction in which the Property is located. **Buyer agrees not to attempt to operate the System prior to the scheduled date for the inspection. In the event Buyer attempts to operate the System prior to said inspection, then any warranty hereunder, express or implied, by Seller, shall be deemed to be null and void.**

In the event that the inspection shows the System to be in the Required Condition, then Seller's obligations hereunder with respect to the System shall be deemed fulfilled. In the event that the inspection shows the System not to be in the Required Condition, Buyer shall provide Notice of same to Seller no later than the Final Inspection Date, in which event Seller shall be responsible for the actual cost necessary to place the System in the Required Condition. All remedial action taken hereunder shall be performed in a good and workmanlike manner by a heating and air conditioning contractor or pool service company, as appropriate, selected by Seller who is licensed in the jurisdiction in which the Property is located, and shall be completed within 10 days after Buyer's Notice to Seller ("Seller's Timeframe"). Buyer shall make the Property available at reasonable times for the completion of such work. In the event that the System is not in the Required Condition by the expiration of Seller's Timeframe, Buyer shall be irrevocably authorized to have the required remedial action performed by a contractor meeting the aforesaid qualifications. Upon completion of the remedial action, but no later than 10 days following the expiration of Seller's Timeframe ("Buyer's Timeframe"), Buyer shall provide a Notice to Seller including a copy of the contractor's invoice and instructions as to whether the amount shown in said invoice shall be paid directly to said contractor or to Buyer as a reimbursement for covered expenses. Upon receipt of said Notice, Seller shall immediately make payment as instructed in the Notice.

In the event that any Notice required to be given in this Addendum is not given within the timeframe specified, then Seller's obligations hereunder with respect to the System shall be deemed fulfilled.

The following footnote references apply only if the table above has a foot number reference.

1. Phase in value comes from the data base at the Maryland Department of Assessments and Taxation <http://www.dat.state.md.us/>, Real Property Data Search. The phase in value is for the next fiscal year, if available, otherwise the phase in value is for current fiscal year.
2. Tax rates come from the current property tax bill, which also may include several non-tax charges, at the web page of the County Government's Department of Finance: <https://www.montgomerycountymd.gov/finance>. Look for a link to "Pay or view your property tax bill on line".
3. County Property Tax is the sum of the General Fund tax and several special fund taxes.
4. All non-tax charges (for example Solid Waste, Water Quality Protection, Bay Restoration Fund, WSSC) are the charges in the current fiscal year. These charges may be different in the next fiscal year.
5. This property is located in an existing development district. Each year a special development district assessment must be paid. Effective every July 1st, the rate will change based on changes in the property assessment and debt service requirements. More information is available in the FAQ section of this website.
6. You must update the estimate for the property taxes and other non-tax charges
 - a. Every July 1, because the tax rates, phase-in values, and other non-tax charges will or may change; AND ALSO
 - b. In early January if the calculation used the phase-in value for the current fiscal year instead of the phase-in value for the next fiscal year, because SDAT had not yet specified the phase in value for the next fiscal year. This occurs in the period July 1 - early January in the third year of the three year assessment cycle.
7. This property is located in a proposed development district. At some date in the future, development district taxes may be levied to pay debt service on bonds issued to build infrastructure in the district. It is important that property owners recognize that this additional tax may be levied in the future. The rate indicated above is an estimate and will change once the district is created and bonds are issued. More information is available in the FAQ section of this website.
8. The Proposed Estimated Total includes all actual and proposed taxes and non-tax charges relative to this property.
9. This is a one time charge assessed against this property and is not an annual fee. It should be paid before the property is sold and will remain due until paid.

STATE OF MARYLAND
REAL ESTATE COMMISSION

Understanding Whom Real Estate Agents Represent

THIS NOTICE IS NOT A CONTRACT

In this form "seller" includes "landlord"; "buyer" includes "tenant"; and "purchase" or "sale" includes "lease"

Agents Who Represent the Seller

Seller's Agent: A seller's agent works for the real estate company that lists and markets the property for the sellers and exclusively represents the sellers. A Seller's agent may assist the buyer in purchasing the property, but his or her duty of loyalty is only to the sellers.

Subagent: A Subagent means a licensed real estate broker, licensed associate real estate broker, or licensed real estate salesperson who is not affiliated with or acting as the listing real estate broker for a property, is not a buyer's agent, has an agency relationship with the seller, and assists a prospective buyer in the acquisition of real estate for sale in a non-agency capacity. The subagent works for a real estate company different from the company for which the seller's agent works. The subagent can assist a buyer in purchasing a property, but his or her duty of loyalty is only to the seller.

If you are viewing a property and you have not signed a Brokerage Agreement, that agent represents the seller

Agents Who Represent the Buyer

Buyer's Agent: A buyer may enter into a written contract with a real estate broker which provides that the broker will represent the buyer in locating a property to buy. The agent from that broker's company is then known as the buyer's agent. The buyer's agent assists the buyer in evaluating properties and preparing offers and developing negotiation strategies and works in the best interest of the buyer. The agent's fee is paid according to the written agreement between the broker and the buyer. If you as a buyer wish to have an agent represent you, you must enter into a written buyer agency agreement.

Dual Agents

The possibility of **dual agency** arises when the buyer's agent and the seller's agent both work for the same real estate company, and the buyer is interested in property listed by that company. The real estate broker or the broker's designee, is called the "dual agent." Dual agents do not act exclusively in the interests of either the seller or buyer, and therefore cannot give undivided loyalty to either party. There may be a conflict of interest because the interests of the seller and buyer may be different or adverse.

If both seller and buyer agree to dual agency by signing a Consent For Dual Agency form, the "dual agent" (the broker or the broker's designee) shall assign one agent to represent the seller (the seller's "intra-company agent") and another agent to represent the buyer (the buyer's "intra-company agent"). Intra-company agents are required to provide the same services to their clients that agents provide in transactions not involving dual agency, including advising their clients as to price and negotiation strategies.

If either party does not agree to dual agency, the real estate company must withdraw the brokerage agreement for that particular property with either the buyer or seller, or both. If the seller's agreement is terminated, the seller must then either represent him or herself or arrange to be represented by an agent from another real estate broker/company. If the brokerage agreement is terminated, the buyer may choose to enter into a written buyer brokerage agreement with a different broker/company. Alternatively, the buyer may choose not to be represented but simply to receive assistance from the seller's agent, from another agent in that company, or from a subagent from another company.

No matter what type of agent you choose to work with, you have the following rights and responsibilities in selling or buying property:

>Real estate agents are obligated by law to treat all parties to a real estate transaction honestly and fairly. They must exercise reasonable care and diligence and maintain the confidentiality of clients. They must not discriminate in the offering of properties; they must promptly present each written offer or counteroffer to the other party; and they must answer questions truthfully.

>Real estate agents must disclose all material facts that they know or should know relating to a property. An agent's duty to maintain confidentiality does not apply to the disclosure of material facts about a property.

>All agreements with real estate brokers and agents must be in writing and explain the duties and obligations of both the broker and the agent. The agreement must explain how the broker and agent will be paid and any fee-sharing agreements with other brokers.

>You have the responsibility to protect your own interests. **You should carefully read all agreements** to make sure they accurately reflect your understanding. A real estate licensee is qualified to advise you on real estate matters only. If you need legal or tax advice, it is your responsibility to consult a licensed attorney or accountant.

Any complaints about a real estate licensee may be filed with the Real Estate Commission at 500 North Calvert Street, Baltimore, MD 21202. (410) 230-6205
